

# Announcement!

Ronald F. Sing, DO, FACS  
SMAT: Medical Director

SMAT meeting now approved for 2.0 Hours  
AMA PRA Category 1 Credits

**SMAT Meetings**  
**2nd Thursday Every Month**  
**Begin 6:00pm**

## Learning Objective:

- Participants will be familiar with and become certified by FEMA with the ICS 100/200/700.
- Participants will be familiar with medical aspects of disaster topics to include both man-made and natural disasters. Examples include, infection control during pandemics, management of blast injuries, crush injuries, burns, radiation and other toxic exposures.
- Participants will gain experience and competence in operational aspects of disaster preparedness. Specific to the MTAC, participants will become familiar and competent with MTAC equipment and procedural protocols.
