Metrolina Trauma Symposium

May 12 – 13, 2023

Save the Date

The 2023 Metrolina Trauma Symposium will appeal to multiple disciplines and provide education for participants at one time in one location, providing a great service to both individual providers as well as the seven adult and pediatric trauma centers, emergency departments, prehospital agencies, and more in our region

The agenda is being designed to address the latest advances and best practices in management, techniques, protocols, and guidelines for care of the injured patient thru a variety of keynote, didactic, point-counterpoint discussions, and case presentations, as well as a variety of hands-on, interactive simulation sessions.

Location: Harris Conference Center – 3216 CPCC Harris Campus Dr, Charlotte NC

- Objectives:**
- Identify current trauma care best practices
 - Demonstrate effective management of trauma patients across multidisciplinary teams
 - Demonstrate systems-based practice(s) to improve clinical outcomes
